JOINING FOR 6+

Nothing is drawn combined. Five pairs are set side by side and bracketed on the plan – 1+2, 8+9, 15+16, 20+21, 26+27 – so staff slide two tops together on the night and drop to 6 stools.

Every table in a row sits 20–30 cm from its neighbour, so any adjacent pair works. Decide when the RSVPs land; nothing on this plan has to move.
